

Design & Pitch Challenges in STEM

proudly present the first annual

NCSU-WCPSS PITCH COMPETITION

Saturday, April 6, 2024

at the Friday Institute for Educational Innovation

What are the Design & Pitch Challenges?

What do teachers need to do?

Who attends the district-level competition?

Challenges designed to engage students in leveraging math to create entrepreneurial ideas that solve community problems.*

Pick a challenge and support students to design and pitch creative products that use math to help solve real-world issues.*

Top 2 teams from each local, school-level competition at the participating middle and high schools.*

**more teams can come pending district interest and involvement*

Interested? Fill this out:

go.ncsu.edu/dp-interestform

**WAKE COUNTY
PUBLIC SCHOOL SYSTEM**

Winning teams will receive prizes and winning school will walk away with a banner!
