

Design & Pitch Challenges in STEM

proudly present the fourth annual FREE

ENTREPRENEURIAL HS MATH SUMMER CAMP

Monday, August 5 - Friday, August 9

9:00AM - 4:00PM

at the Friday Institute for Educational Innovation
for rising 9th - 12th graders

What will I do?

Design creative products that use math to help solve real-world issues, and then pitch your ideas to a panel of judges.

What does it cost?

Our camp is part of a research grant, so it is completely FREE to you! You will get to share your ideas with researchers through surveys and interviews.

What's in it for me?

Fun experiences that can open up new career interests and connect you to professionals! Engage in a field trip, a design challenge, a makerspace, a pitch competition, and more!

Interested? Fill this out:

go.ncsu.edu/summer2024interest

Plus, walk away with a \$50 gift card at the end of the camp!
