Design & Pitch Challenges in STEM

proudly present the second annual

NCSU–WCPSS PITCH COMPETITION

Saturday, April 12, 2025
at the Friday Institute for Educational Innovation

What are the Design & Pitch Challenges?

Challenges+ designed to engage students in leveraging math to create entrepreneurial ideas that solve community problems.

What do teachers need to do?

Pick a challenge+ and support students to design and pitch creative products that use math to help solve real-world issues.

Who attends the district-level competition?

Top 3* teams from each school-level competition at the participating middle and high schools.

*team number depends on district interest and involvement

Fill this out to register:

go.ncsu.edu/wcpss_pitch_registration

EMC² Exploring Mathematics Curricula Creatively
NC STATE UNIVERSITY

WAKE COUNTY PUBLIC SCHOOL SYSTEM

Winning teams will receive prizes and winning school will walk away with a banner!
